Payments Made Easy: Autopay

Now it's easier than ever to pay your rent with Autopay.

Set It & Forget It

You can choose any day from the 2nd to the 5th of the month to have your payment auto-debited.

Say Goodbye to Fees

Autopay is FREE! Plus, you no longer need to worry about late fees.

Share the Love

Roommates can now split rent payments by designating a percentage for each person – just remember the total must always equal 100% for the payment to go through successfully.

One-Time Payments

As an alternative to Autopay, we offer several ways to make one-time payments. Please note that service fees apply and will be charged at the time of these one-time payment options.

ACH: $0.95 service fee

Credit Card: 2.5% service fee

Debit Card:

- Under $1,000 = $3.95 service fee
- $1,000-$1,999 = $4.95 service fee
- Over $2,000 = $9.95 service fee
